Safety Data Sheet (SDS)

Carbide inserts manufactured by Kaiser Tool Company, Inc. meet the definition of an "Article", as described below, and do not require a Safety Data Sheet be issued.

"Article" means a manufactured item, other than a fluid or a particle; (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g., minute or trace amounts, of a hazardous chemical and does not pose a physical hazard or health risk to employees.

Thank you for the opportunity to address your concerns. We appreciate your business.
