

**FORM-A-GROOVE®** tools can consist of combinations of simple grooves or more complex combinations of grooves, arcs, angles, convex and concave radii, as well as special thread forms.

**FORM-A-GROOVE®** tools can simplify programming, increase production and free tool locations for other tools.

External and Face applications

- Up to 2" wide
- Made from stacking individual inserts or from a solid block of carbide

Internal applications

- Up to 1" wide
- Starting at .125" minimum bore

## QUOTATION TO ORDER PROCESS

- |   |   |
|---|---|
| <ul style="list-style-type: none"><li>• Submit an application print detailing your requirements. Include company name, contact name, email, telephone and fax numbers. If possible, please include an application print or sketch. Submissions can be faxed to (260) 482-1881, or emailed to: <b>quotes@thinbit.com</b>.</li><li>• A quote will be returned within 48 hours which will include CAD drawings, price, delivery and payment terms.</li></ul> | <ul style="list-style-type: none"><li>• Review the quote information and CAD drawings. Fill in the 'Quote Summary Sheet' with item quantities and approval signatures.</li><li>• Fax or Email the 'Quote Summary Sheet' to our sales office.</li><li>• The order will be confirmed via fax or email. The confirmation will summarize order and include delivery date.</li></ul> |
